BALTIMORE—THURSDAY, MAY 19, 1825.

Splendid Drawing yesterday.

Agreeably to announcement, the drawing of the GRAND STATE LOTTERY, No. 4 took place and was completed on yesterday the 18th inst.—As usual we had the pleasure of distributing amongst our city and country patrons no less than THIRTY amongst the principal prizes in the scheme—Of the minor prizes also we distributed from our office an immense number of course. The 20,000 DOLLAR prize (the Capital) came out to an even Number, 14,788, and was divided into shares—three Quarters and two Eighths; and are all held in Baltimore—the 10,000 DOLLAR prize (No. 1721) is the property of a distant adventurer, residing in Virginia, to which State we forwarded it per mail early in April—we shall mention the name of the fortunate holder as soon as we receive permission—and also of the holders of the 5000 Dollar prize which is owned in town in shares.

Of the five THOUSAND DOLLAR prizes—we forwarded two of them to distant adventurers—one resides in Pennsylvania—the other at Maysville in Kentucky; the first on the 14th April, the latter on the 25th. Not having time, without delaying our publication, we must defer until our next Register, to mention the various parts of the Union, to which we have distributed the many prizes sent as usual from our Office.

The Odd and Even System.

This new mode of drawing Lotteries, having in the late STATE LOTTERY met with the universal and decided approbation of the public, the Commissioners have adopted the same plan for the SCHEME No. 5, which appears to-day on our 4th page. We invite our friends and adventurers generally to a scrutiny of the scheme: for on examination (and it is easy of comprehension, not requiring calculations) it will be readily perceived that there being MORE PRIZES THAN BLANKS, the risk is very trifling, besides which, there is a CERTAINTY in the purchase of two tickets or two shares, (odd and even) of getting at least One Half back (less the 15 per cent.) as in the scheme now presented the tickets are ONLY FOUR DOLLARS and the lowest prizes are of the same amount; being an improvement upon the last scheme, in which the small prizes were only two dollars each.

Two tickets or shares may draw THREE PRIZES, but must draw at least one—and in the same proportion for any greater number.

The brilliancy of the GRAND STATE LOTTERY, No. 5, is ALTOGETHER UNPRECEDENTED—the low price of the Tickets compared with the magnitude of the Capital Prize of FORTY THOUSAND DOLLARS with the small risk incurred will no doubt cause as great a demand for tickets as in the late scheme, and we would advise our distant friends to send on their orders without delay.

2, 4, 6, 8, or 0.

The Twenty Thousand Dollar prize in the STATE LOTTERY, No. 4, having been drawn by an even Number (14,788) consequently every ticket in the scheme ending with either of the above figures, is entitled to a \$2 prize in addition to what they may have drawn besides—the Official List is published on the next page. Adventurers holding prizes will send them in without delay either to receive the CASH for them or to have them renewed in the next Lottery—the scheme of which will be found on the 4th page of this day's Register.

Next Lottery draws 27th July.

In consequence of the large number of Tickets already contracted for in the GRAND STATE LOTTERY, No. 5, the Commissioners announce that the drawing will take place in the City of Baltimore on Wednesday, the 27th JULY.

GEN. LAFAYETTE arrived at Natchez, Mississippi, on the 18th of April. His reception there was very splendid.

The Wheeling Gazette says that the General is expected to arrive there about the 21st inst. from thence he will proceed to the residence of Mr. Galatin at New Geneva; and then to Pittsburg.

The following toast was given by Gen. Lafayette at the masonic festival in New-Orleans:—

"The Brethren who worked together on the lines on the 8th of January, and the Master workman who directed them."

EMIGRATION TO HAYTI.—A friend has put into our hands a file of Port-au-Prince papers to the seventeenth ultimo inclusive. In one of them we find an official publication dated the 12th of April, which states that after the 15th of June next, the government will not pay any expenses whatever for the passages, &c. of emigrants; of which all owners and masters of vessels are desired to take particular notice.

The Societies established in this country to promote the cause of emigration to Hayti, are also informed by this publication that the government will not, after the above mentioned date, allow any sum to assist in the transportation of emigrants who may wish to come to Hayti. They will only hereafter be allowed four months rations and pieces of land, of which they shall have the exclusive right after paying the proper value.

These measures have been adopted by the government in consequence, as is said, of the base speculations which have been carried on not only by some of the emigrants themselves, but also by foreign agents of vessels.—N. Y. Gaz.

Caution—Spurious fifty dollar bills, purporting to be of the Union Bank of South-Carolina, are in circulation in Charleston.

Latest Foreign Intelligence.

By the packet ship Howard, arrived at New-York on Saturday last from Havre, Paris papers have been received to the 13th April inclusive, being three days later than our last intelligence.

Mr. Tyack, one of the passengers, who left Paris on the 10th April, states, that on that day he visited the family of General and George Washington Lafayette, and found them all in good health.—He has letters from the family to the General and G. W. Lafayette.

Sixty of the principal banking and commercial houses of Paris had presented an address to the King, in which they entreated his majesty, after the example of the United States and England, to send Consuls to South America.

The coronation of the king of France had been fixed for the 29th inst. instead of the 1st June.—The Duke of Northumberland, accompanied by a grand retinue of English nobility, had arrived in Paris to assist at the ceremony. A number of promotions were to take place on the occasion. Three thousand applications had been made for peerages.

HAVRE, April 15.—"Our market, owing to the numerous arrivals for the last few days, is inactive, and prices are nominal at 38 a 40f. for Georgia, 42 a 44 for Louisiana Cotton.

Another account states that "the cotton market had been very brisk. Sales of Louisiana as high

as 42 to 45; Uplands, 37 to 41 sous—but on the 15th large sales were effected, to arrive, of Uplands at 35 to 36 1-2. The Louisa's cargo, from Mobile, was sold on that day at 36 sous."

Another letter of the 15th, says, Georgia upland has sold at f. 2 5c; and Louisiana at 2 25; and it is believed will not be lower for some time to come.

Rice, scarce and demanded at 37f.

LIVERPOOL COTTON MARKET.—The demand very animated; the business done amounts to 42,700 bags, and at a further advance of full 2d. per lb. in Brazil, 1 1-4d. to 1 1-2d. in American, and 1d. per lb. in most other descriptions.—About 17,000 bags American, 5,500 Brazil, 7,000 Egyptian, and 2,500 East India taken on speculation. The sales consist of 17,722 Bowed at 12 7-8d. to 16 3-4d.—2,545 Orleans 13 7-8d. to 18d.—3,125 Alabama 13 1-2d. to 16 1-2d.—158 Sea Island 33d. to 39d.—64 Stained Sea Island 16d. to 20d.

Miscellaneous Intelligence.

Mercantile Despatch.—On the receipt in April of intelligence of the rise of cotton in England, an individual was despatched from Philadelphia to Huntsville in Alabama. The distance is about 1000 miles. He arrived there in 12 days, having performed the whole of the journey on horseback, and reached Huntsville six days in advance of the mail.

[Aurora.]

New Naval Depot.—A naval depot is to be immediately established at Pensacola, and all the stores and vessels are to be removed from Thompson's Island and New-Orleans, to that place. Pensacola will be the rendezvous for all the West-India Squadron. This is in conformity to an act passed at the last session of Congress.

The Legislature of Georgia will hold an extra session on the 23d of next month, in order to take measures to organize and settle the land to which the Indian claim has lately been extinguished by Treaty with the Creek Indians.

Fire at Philadelphia.—A fire took place in the Northern Liberties of Philadelphia on Monday last, when about twenty houses, of different descriptions, were burned: among others were five Comb manufactories. One person was killed and another severely injured. The amount of property destroyed was considerable, but has not been estimated.

Islands of Ice.—We observe by the New-York Daily Advertiser, that capt. Blair, of the ship Flora from Liverpool, reports that he passed near the Banks of Newfoundland, about 200 islands of ice, the largest at least a mile in circumference, and about 300 feet high, and several others nearly the same size. Also, saw a number of seals on the ice; and to the southward of it, a number of large Whales. May 1st, south of the Hook, saw two large whales.

Steam-boat Fare Reduced.—The proprietors of the Exchange line, per steam-boat Congress, and the Citizens' line per steam-boat Pennsylvania, have reduced the fare to THREE DOLLARS between Philadelphia and New-York.—Am. Sentinel.

POSTSCRIPT.—The present original price of tickets in the GRAND STATE LOTTERY, No. 5, will probably not continue longer than till about the 1st of June—and we hasten to apprise our distant friends of the anticipated advance in order that they may send on their orders without delay, thereby taking the opportunity of procuring them at the present rate of FOUR DOLLARS.—The rise when it takes place will be to FIVE DOLLARS.

Be particular in directing to

NOT ONE BLANK TO A PRIZE.	

MODE OF DRAWING:

The Numbers will be put into one wheel as usual—and in the other wheel will be put, the Prizes *above* the denomination of Four Dollars, and the drawing to progress in the usual manner. The 20,000 prizes of \$4 will be awarded to the odd or even Numbers in the Lottery, (as the case may be,) dependant on the drawing of the Capital Prize of FORTY THOUSAND DOLLARS—that is to say, if the 40,000 dollar prize should come out to an *Odd* Number, then *every Odd Number in the Scheme* will be entitled to a \$4 prize.—If the 40,000 dollar prize should come out to an *Even* Number, then all the *Even Numbers in the Scheme* will be each entitled to \$4.

Odd Numbers are those ending with 1, 3, 5, 7, or 9.
Even Numbers are those ending with 2, 4, 6, 8, or 0.

This mode of drawing not only enables the Commissioners to complete the whole Lottery in ONE DRAWING, but has the great advantage of distributing the small prizes regularly to *every alternate Number in the Scheme*, so that the holder of Two Tickets, or Two Shares of Tickets, (one odd and one even Number,) will be certain of obtaining at least one Prize, and in the same ratio for any greater quantity.

A Ticket drawing a superior prize in this Scheme, *is not restricted* from drawing an inferior one also—many tickets therefore, will necessarily obtain TWO PRIZES EACH!
